

CCMS Provider: Recording Outcome & Discharge

This quick guide details the process of submitting outcomes and discharging a certificate.

- Please submit the case outcomes for all proceedings so that the final bill option is available before final submission to the LAA. If you are reporting an interim proceeding then ensure that an interim bill is appropriate bearing in mind assessable costs threshold
- Please be aware that you should always submit your outcomes as soon as the end of the proceeding(s) are known. This is particularly important in cases with a financial element to allow the LAA to consider any next steps
- If you submit your outcome and final bill at the same time in any proceedings please be aware that the final bill will only be available for consideration by the LAA once the outcome has been processed
- The processing timescales for associated bill submissions begin only when the outcome has been recorded and processed by the LAA

Begin by searching for the case, see the Search for Case quick guide for further guidance.

Scroll to the Available Actions and click **Record Outcome**.

‘Cost Award’, ‘Costs Settlement’ or ‘Enforcement Cost Award’ – This relates to any costs order made in favour of the client. This award replaces the paper Claim 2 process. You should submit the relevant award of costs (recovered or not) and claim any outstanding costs via a final bill (nil bill if no claim on fund). Please use the ‘Costs Settlement’ award if all costs recovered from the other side.

‘Financial or Punitive Damages’ – Used where specific damages have been awarded in favour of the client, recovered or unrecovered.

‘Financial Settlement’, ‘Financial Asset’ or ‘Land/Property’ – to be completed when the client has been party to proceedings where any financial assets were at issue, recovered or the Statutory Charge may arise.
